

Updated design with extra-wide feed opening and large volume cabinet provides efficient shredding for an entire office or department.

Break resistant feeding table folds up to form machine cover when not in use.

Controls are clearly arranged with symbols and indicator lights.

Destroyit 2502 and 2602 Features

- Extra-wide 10 1/4" feed opening handles a variety of documents, including continuous forms and stapled sheets.
- Take up to 27 sheets at once and shred up to 418 lbs. per hour with the model 2602.
- Easily the most affordable in its class, the model 2502 can shred up to 24 ft. per minute.
- High-quality safety cutting head takes staples and paper clips.
- Automatic start/stop via photo cell.
- Automatic stop when shred bag is full or paper jams.
- Clearly arranged symbols and pilot lights make shredding the easiest office task.
- Handy three-position rocker switch (forward/stop/reverse), for fast, simple operation.
- Energy-saving motor rated for continuous duty and protected against overheating.
- Large volume shred bag easily accessed behind electronically secured door.
- Pearl gray cabinet on casters included.

Our Promise

MBM has been a well-known and respected leader in the paper handling industry since 1936. We attribute our success over the years to providing customers with three simple things: a quality product at a good price, superior technical support and the best service in the business.
